

NEW DINING EXPERIENCE IN BEDUGUL

Coffee or Tea, Zen & Dine in The Tranquility of The Mountain of Bali

Bali, 3rd December 2018 - Entering the iconic gate of Handara Golf & Resort Bali is stepping into the pathway of serenity and a world of quixotic nature. Handara Golf & Resort Bali, which was awarded “Best Golf Hotel in Indonesia” by the prestigious World Golf Awards is pleased to announce the opening of Breeze Terrace. A new family friendly dining venue with an amazing 180 degrees panorama over the spectacular natural view of Handara Golf & Resort Bali. The lounge is located inside the resort and welcomes non-resident guests.

Breeze Terrace offers a unique dining experience that combines a serene atmosphere with a sense of indulgence. Designed by Gregorius Supie Yolodi (The architectural consultant d-associates and the winner of the Arcasia Awards for Architecture in Hong Kong) as the exterior designer and Sammy Hendramianto Syamsulhadi (founder of SHS & Associate) as the interior designer. Decorated with modern fixtures, it provides an inspirational setting with indoor and al fresco dining options, both enjoying the cool, fresh mountain air. Surrounded by breathtaking green scenery, the Terrace provides that close to nature feeling. Perfect if you love a calm, private and peaceful atmosphere, away from the bustle and crowds.

The food served at the Breeze Terrace is created by Executive Chef, I Gusti Bagus Sastrawan (former Executive Chef of Mimpri Resort Menjangan & Gawana Resort & Spa), He excels in the creative process of developing cuisine with fresh, local, mountain ingredients. Tempt your taste buds with the exotic taste of Indonesian fare, the delicate umami of Japanese dishes and the rich flavors of Western cuisine. Serving breakfast, lunch, and dinner, the Breeze Terrace opens for public from 6am to 10pm every day.

The Breeze Terrace is perfect as a place to chill with friends, for a romantic dinner, to drink and dine while enjoying the spectacular nature scenery, or even as a co-working space for those nature lovers. Featuring exotic mature trees and parklands, you can discover the beauty of Bali and savor its serenity. Groups can enjoy amazing BBQ dinner with a roaring bonfire.

Guests should bring their camera as the Terrace exemplifies the beauty of nature with its deep blue sky, natural lakeland scenery, and fresh cool mountain air. The beautiful panorama of Handara Golf & Resort Bali sits in a spectacular crater of an extinct volcano, making your photographs ones you'll be sure to share.

So, if you'd like to enjoy luxury, exclusivity, and serenity blended perfectly, "we would like to welcome you as non-golfers as well as golfers to enjoy the Breeze Terrace at Handara Golf & Resort Bali." Said Aliza Salviandra, President Director of Handara Golf & Resort Bali.
